Summary

Multimedia Designer building immersive digital content across web interfaces, promotional graphics, social media video, and sound design. Backed by a 250+ piece portfolio spanning web, video, audio, and graphic deliverables, with a track record of design decisions that have driven measurable increases in digital engagement and views. Fully proficient in Adobe Creative Suite, Ableton Live, and modern generative AI art tools, with technical range supported by an A.A.S. in Digital Media, CompTIA A+, and Microsoft AZ-900. Brings sharp creative problem-solving and clear communication to fast-paced team environments.

Experience

E-Commerce Retail	Henderson, NV
Owner/Operator	Nov 2024 - Current
- Built and managed branding, product photography, and visual merchandising for three independent eBay storefronts, driving Top Rated Seller status and 1,000+ completed orders - Designed and optimized product listings and storefront visuals to improve conversion and customer trust, balancing aesthetic presentation with clear, sales-driven communication - Owned the full business lifecycle with sourcing, inventory management, bookkeeping, and customer service while developing strong organizational and problem-solving skills in a fast-paced, self-directed environment - Operated independently across creative, operational, and administrative functions, reflecting adaptability and ownership mentality valuable in collaborative team settings	

Delilah (Wynn), Hakkasan (MGM Grand), 1OAK (The Mirage), Cosmopolitan	Las Vegas, NV
Front-of-House Support	Mar 2016 - Mar 2025
- Supported day-to-day operations at four premier Las Vegas hospitality and nightlife venues over 9 years, consistently maintaining the elevated presentation and pace expected in high-end, brand-driven environments - Operated within fast-moving, high-volume service settings requiring sharp attention to detail, quick adaptability, and seamless coordination across front-of-house teams - Maintained composure and consistency under pressure across high-profile, high-traffic events — skills directly transferable to meeting fast turnarounds without compromising creative quality - Gained firsthand exposure to how top-tier brands (Wynn, MGM) execute consistency, atmosphere, and guest experience at scale informing an instinct for polish and presentation carried into design work	

Xerox	Niagara Falls, NY
Customer Support Representative	Apr 2013 - Nov 2015
- Fielded inbound calls from borrowers navigating and troubleshooting StudentLoans.gov for Federal Student Loan servicing, translating technical web issues into clear, step-by-step guidance for frustrated users - Built deep working knowledge of the platform's web forms, common failure points, and effective work-arounds — developing an early instinct for where user-facing interfaces break down and how to resolve friction in real time - Navigated internal ticketing systems to track, escalate, and resolve user issues efficiently while maintaining strict compliance with Federal data privacy policies - Developed a streamlined personal workflow to balance speed and empathy, consistently de-escalating frustrated callers while meeting call-handling expectations
